## CAREER OBJECTIVE

As a **Flutter Developer with 2+ years of experience**, I specialize in building **scalable, performance applications focusing on clean architecture, API integrations, and intuitive UI/UX. I thrive in fast environments**, solving complex challenges and delivering impactful solutions that enhance user engagement and business growth. Committed to **continuous learning and technical excellence**, I contribute to the entire development lifecycle, from **ideation to deployment**. Looking ahead, I aim to leverage **my expertise to create innovative, high-quality Flutter applications that** drive meaningful digital experiences.

## WORK EXPERIENCE

**Flutter App Developer**   
Flutterfire LLP  
Feb 2023 – present | Ahmedabad,India

- Developed cross-platform mobile apps with Flutter, ensuring high performance and scalability.
- Integrated REST APIs, third-party services, and implemented clean architecture for maintainable code.
- Built intuitive UI/UX with smooth animations and responsiveness.
- Collaborated with backend teams, designers, and stakeholders to deliver feature-rich apps.
- Led code reviews, debugging, and performance optimizations.
- Deployed and maintained apps on the Google Play Store & Apple App Store.

## ACCOMPLISHMENTS

**WalletFlow : Mindful Spending**  
WalletFlow helps you track your expenses and incomes. The minimalist approach does not distract you from the main focus either adding entries or checking insights interacting with a clean and simple interface.

Play Store 

**RMS Hospital**  
A healthcare management application for patients and hospital staff, offering appointment booking, medical records access, and real-time notifications.

Play Store 

**CleanService**  
On-demand home cleaning service app with real-time booking, tracking, and service management features.

Codecanyon 

**DoorHub**  
A comprehensive delivery service platform integrating logistics and order management solutions.

Codecayon 

**Cutting Chai**  
The Cutting Chai is a Social Service Mobile Application that works on No Profit No Loss basis. Through this project, we provide A Free Chai once in a day to persons of the laborer class.
